

ARKANSAS SUPREME COURT

No. 06-1413

BUFFORD McDONALD
Petitioner

Opinion Delivered January 11, 2007

IN RE COMMITTEE ON
PROFESSIONAL CONDUCT OF THE
SUPREME COURT OF ARKANSAS, A
PRO SE ORIGINAL ACTION

ORIGINAL ACTION DISMISSED.

PER CURIAM

On November 7, 2006, petitioner Bufford McDonald was informed by the Executive Director of the Office of Professional Conduct that the Committee on Professional Conduct had dismissed a grievance that petitioner had filed against an attorney, affirming the Director's decision that the attorney's conduct did not warrant disciplinary action. On December 7, 2006, petitioner, proceeding *pro se*, filed with this court the instant original action seeking investigation by this court into the disposition of the grievance. He also asks that this court investigate the conduct of the attorney. In short, petitioner was dissatisfied with the committee's decision and desires that this court review the matter.

The Procedures of the Arkansas Supreme Court Regulating Professional Conduct of Attorneys at Law (2002) governs the process by which complaints against attorneys are decided. Section 5C(5)(h) of the procedures provides, "There shall be no further review or appeal of the Committee's final decision." As petitioner is seeking a review that the procedural rules do not permit, the original action is dismissed.

Original action dismissed.
